Said Hadji

Frontend Developer — Seeking Internship

Agadir, Morocco · **+212 6 76 80 11 62** · saidhadji.dev@gmail.com

github.com/earthsaid · earth-said.vercel.app

Objective

Beginner frontend developer seeking a two-month internship, available to start within a few days of acceptance. I build responsive, well-spaced interfaces with React and Tailwind CSS, and I want to grow my coding skills with an experienced team.

Education

Baccalaureate 2025 — Literature & Human Sciences · Lycée de Sidi Lhaje Lhbibe, Sidi Bibi

Skills

Technical (Beginner): HTML, CSS, Tailwind CSS, JavaScript, React.js, Clsx

Design (Intermediate): Responsive layouts, spacing, visual hierarchy

Tools: Git, GitHub, Vercel

Languages: Arabic (Native), English (Good reading, basic speaking)

Projects

NEID — Freelance Project Management App (in progress) · React, Tailwind CSS · Live

- A web app for freelancers to manage their clients, projects, and tasks.
- Built the UI myself; backend (Node.js, Express, PostgreSQL) built with AI assistance.

Quartier · Concept café website · React, Tailwind CSS · Live · Code

IronForge · Concept gym landing page · React, Tailwind CSS · Live · Code

Otelury · Concept hotel website · React, Tailwind CSS · Live · Code

Brewhaus · Concept coffee shop website · React, Tailwind CSS · Live · Code
